Items to be Recycled:

All Recyclables will go in your recycle cart.

1: Co-Mingled Recyclables: Should be placed loosely in the bin provided to you-please do not bag. Aluminum, Steel Cans, Bi-metal Cans, Glass and #1 and #2 plastic. Please clean items of residue.

2: Paper/Cardboard Mixes: Loose paper, i.e. magazines, books, junk mail, envelopes, phone books, writing paper, and newspaper should be placed in grocery bags or boxes to keep contained.

3: Paint cans: You can recycle well-rinsed, dried, #5(steel) paint cans with lids removed. There should be little or no paint in the can.

Computers and Electronics:

These should not be taken to the dump. There are many contaminants in old PC's and monitors, including, but not limited to, lead, chromium, and mercury.

However we suggest you discard your old equipment using one of these methods:

Donations: Check with local churches, youth groups, schools or clubs.

Computer Resale: Check the local phone book for computer retailers that may be interested in purchasing or taking your old equipment for refurbishing.

Computer Recycling: Recycling firms are available who disassemble computers and sell the reclaimed materials. They may charge a fee for their services. Look under recycling centers in the yellow pages.

Computers are also accepted for recycling at the Brown County Household Hazardous Waste Facility. Contact the Recycling Hotline at (920) 448-4400, option 5, for more information.
